INDEX TO VOLUME 44

Acanthoscelides **guazumae**, 142
Acarina, 397, 414, Proctophyllodidae, 75; Prostigmata, 468; Rhagidiidae, 468
Acyrthosiphon **sclerodorsi**, 175; **spinacaudatus**, 179
Agallia **pumilia**, 326
Alexander, Charles P., New species of crane flies from Tropical America, VII, 103
Amblycerus **guazumicola**, 145
anatomy, of the sting apparatus glands in bees, 5, 14
Anoplura, 332, 374, Hoplopleuridae, 333
Artemia **banksi**, 66; **latifrons**, 62
Atyeo, Warren T., New genera of analgoid feather mites, 75; and J. Gaud, Comments on nomenclatural systems for idiosomal chaetotaxy of sarcoptiform mites, 414

Backomyia **seminoensis**, 337
Baker, J. R., Development and sexual dimorphism of larvae of the bee genus *Coelioxys*, 225
behavior, mating, in buffalograss webworm, 329
Blanton, Franklin S., see Willis W. Wirth
Blattaria, Blattidae, 253, 263
Boles, Hobart P., Ovipositional response of the rice weevil, *Sitophilus oryzae* (L.), treated with synergized pyrethrins, 70
Branson, Terry F., and Eldon E. Ortman, Host range of larvae of the northern corn rootworm: Further studies, 50
Brothers, Denis J., see Charles D. Michener
Bugbee, Robert E., A new species of Arizona *Eurytoma* phytophagous in *Ceanothus greggi* seeds, 111
Burke, Horace R., New synonymy in North American *Anthonomus*, 46
Burkhardt, C. C., see Rabinder Kumar
Byers, George W., A new *Neopanorpa* from Nepal, 534

caste structure, and climate, in bees, 343
Chilenana **obrienorum**, 543
Chu, Jean, see Fred A. Lawson
Clinonella, 314
Coleoptera, Brucidae, 141; Carabidae, 40, 81, 304; Chrysomelidae, 50, 185, 479; Curculionidae, 46, 70; Heteromera, 441; Hydrophilidae, 400; Scolytidae, 408
Cress, Donald C., and Fred A. Lawson, Life history of *Pasimachus elongatus*, 304
Culicoides **calexicanus**, 156; **davisi**, 157; **hawsi**, 159; **mortivallis**, 465; **oregonensis**, 162; **werneri**, 463

Declivara, 321; **ornamenta**, 324
de Lello, Edy, Adnexal glands of the sting apparatus of bees: Anatomy and histology, I, 5; II, 14
DeLong, Dwight M., The genus *Prescottia*: A new genus and a new related Mexican genus, 53; and Dorothy J. Knull, New species of *Scaphoideus*, 54; and Paul H. Freytag, Studies of the Gyponinae: *Rhogosana* and four new genera, *Clinonella*, *Tuberana*, *Flexana*, and *Declivara*, 313, see also Paul H. Freytag
Diabrotica longicornis, larval host range of, 50; *vergifera*, effect of temperature on hatching, 185
Diptera, Asilidae, 337; Ceratopogonidae, 153, 459; Sphaeroceridae, 476; Stratiomyidae, 59; Syrphidae, 523; Tipulidae, 103
Doering, Kathleen Clare, 1900–1970, obituary of, 2

ecology of *Bombus pullatus* in Costa Rica, 210; stream, 26; tolerance by aquatic insects of heated waters, 240
Eickwort, George C., and Kathleen R. Eickwort, Aspects of the biology of Costa Rican halictine bees, II: *Dialictus umbripennis* and adaptations of its caste structure to different climates, 343
Eickwort, Kathleen R., see George C. Eickwort
Elliott, William R., and R. W. Strandtmann, New locality records for *Rhagidia* from Mexican and American caves, 468
Emerson, K. C., Records of a collection of Mallophaga and Anoplura from Nicaraguan mammals, 332; New records of Anoplura from Mexico, 374
Enns, Wilbur R., see Norman C. Ronald
Eurytoma **ceanothi**, 111
Euschistus **corcovacitus**, 486; **olacitus**, 486; **palacitus**, 487; **sulcacitus**, 488
